

## Suggested Schedule: Pre-Calculus

The suggested class schedule is based on these simple rules:

- On Monday, Tuesday, Wednesday, and Thursday, do one lesson. Study the lesson until you understand it, and I strongly recommend doing the odd-numbered problems (so that you're sure you understand it). I will not grade these problems, so if you are certain you understand the problems you can skip them, but beware of thinking that you understand it when you don't.
- On Friday, take a test. Tests will primarily cover the lessons from the *previous* week (though tests will include earlier material too). A parent will pre-grade it.
- On Sunday morning, turn in the pre-graded test. That way, I can finish grading it and return it on the next class, so you can review your test results before the next test.
- Class is on Tuesday morning. Class will cover the next 4 lessons you *will* be doing (on Tuesday through the following Monday), and any last-minute questions you have. The notes for the first several weeks will be divided slightly differently, sorry.

Here is what it looks like:

Monday	Tuesday	Wednesday	Thursday	Friday
(Lesson 9)	<b>Class</b> on lessons 10-13. This is the first class; so we'll also cover 1-9 briefly  Lesson 10	Lesson 11	Lesson 12	Test 2, covering lessons 5-8  Note: This is a practice test & won't count
Lesson 13	<b>Class</b> on 14-17  Lesson 14	Lesson 15	Lesson 16	Test 3, covering lessons 9-12
Lesson 17	<b>Class</b> on 18-21  Lesson 18	Lesson 19	Lesson 20	Test 4, covering lessons 13-16
Lesson 21	<b>Class</b> on 22-25  Lesson 22	Lesson 23	Lesson 24	Test 5, covering lessons 17-20
...				
Lesson N	<b>Class</b> on lessons N+1 to N+4 (next four lessons)  Lesson N+1	Lesson N+2	Lesson N+3	Test P, covering lessons N-4 to N-1 (previous week)

You may do test 1, if you want to, but I don't plan to do anything with it.

Turn in tests in the "HEA Tests" mailbox. This is the bottom-right mailbox in the mailbox grid under the church foyer stairway. There's another "HEA" mailbox, don't use the other one.
